

Avista Files Annual Rate Adjustments in Idaho

07/01/19

Increase in electric and natural gas prices would take effect in the fall

SPOKANE, Wash., July 01, 2019 (GLOBE NEWSWIRE) -- Avista(NYSE: AVA) has made its annual fixed cost adjustment (FCA) filings with the Idaho Public Utilities Commission (IPUC or Commission) that if approved, are designed to increase overall electric revenues by \$4.9 million or 2.0% effective Oct. 1, 2019 and increase overall natural gas revenues by \$1.2 million or 2.0% effective Nov. 1, 2019.

The rate adjustments are driven primarily by a lower level of customer usage in 2018 due in part to a warmer than normal winter. The FCA mechanisms do not apply to Avista's Electric Extra Large General and Street Lighting Service Schedules, nor to its Natural Gas Interruptible and Transportation Service Schedules.

The Company has also filed a separate application with the Commission to extend the term of the FCA Mechanisms through March 31, 2025. Absent this request for an extension, the FCA Mechanisms would terminate at the end of 2019.

These annual filings are required and have no impact on the company's earnings.

Electric and Natural Gas Fixed Cost Adjustment

Avista's electric and natural gas fixed cost adjustment (FCA) is a mechanism designed to break the link between a utility's revenues and customers' energy usage. Avista's actual revenue, based on kilowatt hour or therm sales, will vary, up or down, from the level included in a general rate case and approved by the Commission. This could be caused by changes in weather, energy conservation or the economy. Generally, under the FCA Avista's

revenues are adjusted each month based on the number of customers. The difference between revenues based on sales and revenues based on the number of customers is surcharged or rebated to customers beginning in the following year.

Rate Application Procedure

Avista's applications are proposals, subject to public review and a Commission decision. Copies of the applications are available for public review at the offices of both the Commission and Avista, and on the Commission's website (www.puc.idaho.gov). Customers may file with the Commission written comments related to Avista's filings. Customers may also subscribe to the Commission's RSS feed (<http://www.puc.idaho.gov/rssfeeds/rss.htm>) to receive periodic updates via e-mail about the case. Copies of rate filings are also available on Avista's website at www.myavista.com/rates.
